MEMORANDUM FOR: AD/OEL

**SUBJECT : Proposal for ELINT Reconnaissance of
PYONGYANG SAM Site**

I discussed this proposal lightly at the 9 o'clock meeting on 24 July with General Carter presiding. He seemed interested but felt that if we could get the Chinese to do it over China this would be more acceptable. I informed him that the Chinese SAM sites were technically more difficult to reach, but that we would include this in our study. Therefore, it is suggested that:

(a) you provide a similar analysis of any possible Chinese SAM sites,

(b) that you obtain the comments of the DD/P prior to our sending this up through channels.
